JACK'S BRAKE AND MUFFLER

THE TOWN OF GREENVILLE BUSINESS OF THE YEAR FOR 2010

Jack and Tammy Sneed are the founders and current owners of Jack's Brake and Muffler located at 9590 US 150, Greenville, Indiana.

Jack's Brake and Muffler was chosen as the Town of Greenville Business of the year because of the 17 years of service it has provided this community and the opportunity of employment.

Jack is originally from Glasgow, Kentucky and moved to Greenville in 1989. Tammy, Jack's wife, has been with Jack since 1989. Tammy is basically a home grown Greenville girl; she has lived in Greenville for the last 46 years.

In 1989, Jack and Tammy took up residence in a small two bedroom bungalow located at 9590 US 150 with a small building located behind that was referred to as the chicken coop. Jack was employed by a well-known muffler company in Louisville.

Jack started doing minor automotive repairs, oil changes, mufflers, brake and suspension work part-time from the chicken coop behind his residence in 1990. This was a much needed service in Greenville at that time.

In 1993, Jack came home from work one day and told Tammy he wanted to quit his current job because he did not like the customer policies of the company where he was working. Tammy agreed and Jack's Brake and Muffler officially became a business.

Jack continued to service vehicles from the chicken coop until 1995. In 1995, Jack installed two slabs with lifts. A year later these lifts were enclosed and the chicken coop was destined to become the office.

In 1997, Jack added two more bays and an office. The chick coop was still there and used for part storage.

Jack and Tammy moved in 2003 to a new log cabin they had built in the Greenville area.

2005 was a giant step forward for Jack's Brake and Muffler. In 2005, Jack's added five additional bays and a new office. The two bedroom bungalow was raised and the parking areas were paved. Unfortunately the chicken coop where it all started had to be removed to allow for the additional bays.

Today, Jack's Brake and Muffler is a total Auto Care Facility. Jack's employs twelve fulltime employees. Jack's mechanics are ASE Certified. When you call in to make an appointment you will be greeted by the pleasant voice of his receptionist Christy saying Jack's Auto Care, May I help you.

Jack's is a full service Auto Care from oil changes to engine replacements. Jack's has all the latest equipment from electronic scanners, alignment racks and pipe benders.

Today, Jack operates his business in the same manner he did when he started working out of the chicken coop in 1990. Jack guarantees and stands behind his and his employees work 100%.

Jack and Tammy have come a long way since the chicken coop days and deserve a round of applause for all their hard work and what it means to have their type of business located in Greenville which is a convenience for Greenville residents.

We, the Greenville Town Council, encourage all of you not only to support through your patronage Jack's Brake and Muffler, but all of the local businesses located in Greenville.

Jack's Brake and Muffler hours are from 8am until 6pm Monday – Friday; and the telephone number is {812}923-6299.

Jack has continued to expand his business ventures. He started All Gone Dumpster Service in 2007. Jack has 10, 15, 20 and 40 cubic yard dumpsters; and that telephone number is {812}923-4444.

Beginning in January of 2011, Jack's Brake and Muffler will become Jack's Tire Pro and Auto Care as he continues to expand to offer the best service possible to this area. He will become part of the Tirepro.com network. Jack will be only the fourth location in this area for Tire Pro and will enable him to offer some of the best values on tires for his customers.

Once again, congratulations to Jack and Tammy Sneed and Jack's Brake and Muffler for being selected as the Greenville Business of the Year for 2010.
