

TAKE THIS SHORT SURVEY

TO HELP US PROTECT YOUR DRINKING WATER

Greenville Water requests your help in completing this important survey to document the material of your water service line from the water meter to just outside of your house or business. The water utility is asking this information to determine if there are any lead service lines in the resident's service lines and for the completion of a lead service line inventory map.

Thank you for your response!

Yes No

Has your water line been replaced since 1990?

What is the color of the service line material that you're looking at?

Prior to 1960
 After 1988
 I am unsure

My house or business was built in one of the following time periods:

Lead
 Galvanized steel
 Copper
 Plastic
 I have observed the material and know what it is.
 I have been provided some form of documentation of the water service line material.
 It is my best guess.
 Other _____

I have determined my service line material as follows:

Lead
 Galvanized steel
 Copper
 Plastic
 Other: _____
 Unknown

My water service line—is best described as one of the following:
or business—is from the water meter to just outside of my home
