

July 10, 1981

The Board met in executive session on July 10, 1981 at 7:30 p.m. to discuss the tank problems based on the inspection report submitted by Talbott Richardson.

The board reviewed the bids submitted and awarded the bid to Bartron Painting of Scottsburg, Indiana as the lowest bidder and best bidder. Other bids submitted were not competitive.

All present voted aye. There were no nay votes casted due to the emergency of the situation.

Jack Sprigler
President of the Board.

Mr. Jack Sprigler
President of the Board
Greenville Water Company
Greenville, Ind.

Dear Jack

You asked me if I could bid on the proposed work on the water towers, and if so if I would give you an estimate.

As you know I am a painter, by trade, and have done some work on such structures.

According to your specifications I could estimate the approximate cost since I did not examine these towers.

My estimate is as follows:

Remove old wax.....
Sandblast exterior and interior.....
Spraypaint exterior and interior of tank (s)

I estimate it would take approximately three to four weeks to finish the job (s).

My estimate of cost would be.....\$10,000, assuming no problems would occur and if so this would be additional cost. This is for one tank only.

D. W. Shmitt
