Town Hall

The regular monthly meeting of the Greenville Town Board was called to order by President Jack Sprigler, with one other board member present and one absent. Others in attendance were Mrs. Givens and Mr. Smith from Pekin Road and the Roehm family, and other interested persons.

Mr. Spears made the motion to pay the balance owed the Bartron Painting Co. and an additional \$800, (details attached) the motion was seconded by Mr. Sprigler. The balance owed was \$4197.80.

The people from Pekin Road are pleased with the work that has been started and Mr. ~~Schmidt~~ gave permission to come on their ground if needed, but there is already an easement.

The Roehm family reported no pressure and the need to re-direct the overflow from the Water Tank away from their property.

Motion was made to have Bob Isgrigg see what needs to be done to correct the overflow, the motion was seconded by Mr. Spears, and made by Mr. Sprigler.

The board approved returning the maps to Mrs. Smith with corrections.

The Durango Computer Resources Corp. presented information about their computer. No action taken because all members were not present.

No other business brought before the Board Mr. Sprigler asked for adjournment, seconded by Mr. Spears.

Dear Sir:

I represent Mr. & Mrs. Roehm upon whose property you are running your overflow water. This overflow is creating a continuous damage to their property. They have authorized me to bring suit and gain an injunction against you and cause this damage to their property to desist.

If you have anything to say about a settlement for the damage done to these people's property, please contact me, otherwise a suit will be filed.

Sincerely,

A. Eugene Hancock
